

TR100

RELAYS

Time Delay Relay

TR100 is Time Delay Relay used for Delay Time Generator in industrial solution.

Specifications

Input	12 - 220 V AC/DC
Relay Output	2 x 250V 6A AC/30V 6A DC
Delay Range 1	16 steps - from 0.1 to 1.6 sec.
Delay Range 2	16 steps - Custom order selection
Delay Modes	- After Incoming Signal -After Outgoing signal -Both
Display	LED – power supply LED – Input Signal LED – Delay Time Process LED's – Active Relay
Dimension	104x90x31mm
Power Supply	85 - 265 V AC/DC
